### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 34-38 to an invention non-elected without traverse.\* Accordingly, claims 34-38 have been cancelled.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: None of the references of record teaches or suggests the claimed method for forming a microstructure including the step of performing an oxidation process during and/or after the depositing step wherein an interfacial oxide layer is grown between the diffusion filter layer and the substrate, the interfacial oxide layer growth being controlled by the diffusion coefficient of the diffusion filter layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
